

UK Bonsai Association

www.ukbonsaiassoc.org

Bulletin Jun21

At long last it seems an end to this pandemic is in sight, a gradual return to some sort of normality in the bonsai scene. Unfortunately a number of events this year will still not take place, the official lifting of many government restrictions only happens on the 21Jun21 and this still does not give some event organisers enough time to put things together. However, pleased to say, some events in Jul21 are being confirmed. Before travelling to any events that require long journeys please check the UKBA website diary before leaving in case there are any last-minute alterations or cancellations to an event due to local pandemic restrictions being re-instated.

We are always told that we constantly talk about the weather in this country. Well let's not disappoint anyone. What a spring, so different from last year, it seemed to never rain in April this year and then in May it seemed to never stop raining! The inevitable challenge of keeping vulnerable trees frost free was a major problem for some of us this year. The frustrating weather saw trees going backwards and forwards from protected area to outdoor benches and then back again. It's these times of the year that one is grateful for smaller trees and not the larger specimens that take so much moving.

Many clubs have not met for a long time, so if any information on the club listings has changed in any way, please let us know and we will update the records immediately.

The online meetings, which are now happening regularly on the 2nd and 4th Sunday evenings of each month are proving a great success. We would like to take this opportunity to thank all of the speakers, they volunteer their services all free of charge to pass on their personal knowledge to the bonsai community. Don't forget online meetings are a relatively easy way of expanding your knowledge on different aspects of bonsai. All you need is your computer and a comfortable chair, link into the talk and ask questions if you so wish to.

We would again like to remind everybody that the UK Bonsai Association now has a steering group that meets regularly to discuss all matters bonsai. If you have any comments or ideas worthy of consideration by the steering group, please don't hesitate to email us. The next steering group meeting on Zoom is scheduled for Sunday 6Jun21 at 1900hrs.

We again ask people when communicating with the association for whatever reason please to do

so by email. There are so many communication platforms that everything is simplified by using just one type of communication.

Virtual UK Bonsai Show Spring/Summer 1Mar21-31Aug21

We would like to thank everybody who has sent in entries for the current virtual show this last month, this has been the month with the most entries so far, we appreciate your support. Thank you

Chuhin Trees

BT011

- Species: Japanese larch (*Larix kaempferi*)
- Origin: Scotland
- Category: Chuhin plus
- Style: Twin trunk – Parent and Child
- Size: Height of the tree 80cm/31.5"
- Potter: Walsall Ceramics
- Stand: Unknown Chinese
- History: This tree was previously owned by a hobbyist on the West Coast of Scotland who passed away in 2015. The owner had been ill for some time and so the tree was in a poor condition when it came into my care. The immediate priority was for the tree to regain health which took a couple of years, after which the emphasis has been on recapturing what is a rather elegant style.
- Date of photo taken: 24 April 2021

BT012

- Species: Blauws juniper (*Juniperus chinensis* 'Blaauw')
- Origin: Scotland
- Category: Chuhin plus
- Style: Double trunk
- Size: Height of the tree 43cm/ 17"
- Potter: Ian Baillie
- Stand: Home made

- History: Bought from Ian Baillie in 2013 at the Coventry Traders Fair as a piece of raw material in a wooden box, the attraction being the mirrored movement in each of the two trunks. The tree was pruned rather too radically initially but fortunately recovered. It has recently been re-potted into this really nice blue-green pot after the previous pot (also by Ian Baillie) was smashed when it was blown off the display bench
- Date of photo taken: 15 April 2021

BT013

- Species: Hawthorn (*Crataegus Monogyna*)
- Origin: Coventry Garden Centre 23-5-1994
- Category: Chuhin
- Style: Informal Upright
- Size: Height of the tree 36cm / 14"
- Potter: Chinese
- Stand: Home made
- History: Sapling from Garden Centre; cut back and styled as instructed in Bonsai Book. Started flowering 4 years ago.
- Date of photo taken: 1st May 2021

BT014

- Species: Japanese Maple (*Acer palmatum yamamomiji*)
 - Origin: Japan
- Category: Chuhin plus
- Style: Clump (Kabudachi)
- Size: Height of the tree 62cm / 24.4"
- Potter: Walsall Ceramics
- Stand: Home made
- History: Purchased from Marcus Watts, the tree unusually has 9 trunks and has been exhibited at the Scottish Bonsai Associations National Exhibition, Gardening Scotland and the Ayr & District Flower Show – although never competitively.
- Date of photo taken: 30Aug20

BT020

- Species: Acer (Acer palmatum Deshojo)
- Origin: Herons Bonsai
- Category: Chuhin plus
- Style: Informal upright
- Size: Height of the tree 55cm/22"
- Potter: Bruno Auvinet (France)
- Stand: Howard Ridley
- History: I bought this tree from Herons in the early '90s. Most likely it was imported. At the time it was little more than a trunk and I've developed it slowly over the past 25 years. I bought the pot from Bruno Auvinet at 2020 Trophy Show in Belgium. I've tried to capture that perfect moment when the leaves are just opening but the branch structure is still clearly visible.
- Date of photo taken: 11May21

BT024

- Species: Hawthorn (Crataegus monogyna)
- Origin: UK
- Category: Chuhin plus
- Style: Upright
- Size: Height of the tree 73cm / 29"
- Potter: Gordon Duffet
- Stand: Barry Walker
- History: This tree was collected by a friend from a garden hedge around 2005. It was passed on to the current owner as rough material in 2007.
- Date of photo taken: 10May21

BT025

- Species: Japanese variegated privet. (Ligustrum japonicum)
- Origin: Japan
- Category: Chuhin plus
- Style: Informal
- Size: Height of the tree 48.6cm / 19"
- Potter: Chinese
- Stand: Japanese
- History: Purchased from bob.Thomson of Di-ichi. Bonsai.(R.I.P.)
- approx.8 years ago .a very prolific grower.needing to repot.every year.
- Date of photo taken: 22May21

Shohin Trees

BT018

- Species: Acer (Acer Palmatum 'Kashima')
- Origin: UK
- Category: Shohin
- Style: Informal Upright
- Size: Height of the tree 17cm / 7"
- Potter: Bodiam Bonsai
- Stand: Home-made, Oak slice
- History: Instead of being field-grown into a larger tree, this little grafted maple was grown in a pond-pot to develop the root system for two years, before being potted up in 2015 into a donated round pot.
- Date of photo taken: 05May21

BT022

- Species: Maple (Acer palmatum)
- Origin: UK
- Category: Shohin
- Style: Informal
- Size: Height of the tree 21cm / 8.27"
- Potter: Erin pot
- Stand: Ji-ita by Raul Calvo Villa
- History: Created from garden seedlings in 2016
- Date of photo taken: 15May21

BT023

- Species: Japanese privet. (Ligustrum Variety ibota.)
- Origin: Japan
- Category: Shohin
- Style: Informal upright
- Size: Height of the tree 17.8cm / 7"
- Potter: Japanese
- Stand: Chinese
- History: Obtained from Lee. V. Have owned the tree approximately three years. Flowered this year for the first time.
- Date of photo taken: 16May21

Mame Trees

BT015

- Species: Lonicera (Caprifoliaceae)
- Origin: UK
- Category: Mame
- Style: Informal Upright
- Size: Height of the tree 11.5cm / 4.5"
- Potter: John Pitt
- Stand: Graham Walker
- History: As the owner gets older his trees get smaller, taken as a cutting about 3 years ago and potted in this smaller pot this year.
- Date of photo taken: 05May21

BT016

- Species: *Lonicera* (Caprifoliaceae)
- Origin: UK
- Category: Mame
- Style: Root over rock
- Size: Height of the tree 12cm / 4.7"
- Potter: Walsall Ceramics
- Stand: Unknown
- History: Taken as a cutting about 3 years ago and potted in this smaller pot this year.
- Date of photo taken: 05May21

BT021

- Species: *Itoigawa juniper* (*Juniperus chinensis* Itoigawa)
- Origin: UK
- Category: Mame
- Style: Slanting
- Size: Height of the tree 10cm/ 4"
- Potter: Unknown
- Stand: Owner
- History: I got the tree about 7/8 years ago, it was in a cheap lot for £25. It only had branches at the top of the trunk so I removed all but one branch, I then wired that branch all the way down the back of the tree, you can just see the branch going over at the back, it was then grown on for a couple of seasons and then designed and wired. I carved the stand out of 3x3 Ash.
- Date of photo taken: 14May21

Chuhin Pots

BP025

- Category: Chuhin
- Style: rectangular
- Size: 21 x 15 x 7cm
- Date of photo taken: 5May21

BP026

- Category: Chuhin
- Style: rectangular
- Size: 28 x 19 x 5 cm
- History: Hand Slab built by owner in UK
- Date of photo taken: 05May21

Shohin Pots

BP024

- Category: Shohin
- Style: oval
- Size: 14 x 10 x 5cm
- Potter: Mike Jones, Walsall Studio Ceramics
- Date of photo taken: 05May21

Mame Pots

BP027

- Category: Mame
- Style: Round
- Size: 8 x 8 x 5 cm
- Potter: Christine Beresford [UK]
- Date of photo taken: 9May21

Naked Bonsai Day 7May22

If you're brave enough to participate please send in your photo, when we receive a photo we will publish on the website and bulletin as and when received.

Bonsai Events

May21 & June21

6Jun21 (Cancelled)
Chiltern Bonsai Show
Liston Hall, Chapel Street, Marlow,
Buckinghamshire, SL7 1DD
Adm: £2 -16s Free.
Times: 1000-1600.hrs.
Contact: Michael Pegg & Adrian Garnett
Email: mikew.pegg@btinternet.com
Email: adrian.garnett@virginmedia.com
www.chilternbonsai.org.uk

12&13Jun21 (Postponed)
Mid-Herts Bonsai Society
Kingsbury Barn, Branch Road,
St Albans, Hertfordshire. AL3 4SE.
Adm: Free. Times: 1100-1700.hrs
Contact: Geoff Conybeare 07528.614826
Email: info@midhertsbonsaiclub.co.uk
www.midhertsbonsaiclub.co.uk

BT017

- Species: Chinese Elm (*Ulmus parvifolia*)
- Origin: UK
- Category: Mame
- Style: Informal Upright
- Size: Height of the tree 10cm/ 4"
- Potter: Unknown
- Stand: Japanese
- History: The tree was an aerial layer off a friends tree several years ago, when it was cut off there were lots of roots and it was planted into a 3 inch pot for a year. After the year the branches that were not wanted got cut off and the others got cut right back then it was pinched to form ramification, the next year it was put in it's first bonsai pot.
- Date of photo taken: 06May21

BT019

- Species: Chinese Elm (*Ulmus parvifolia*)
- Origin: UK
- Category: Mame
- Style: Semi cascade
- Size: Height of the tree 7cm / 2.75"
- Potter: Unknown
- Stand: Club member
- History: Apart from the initial bend the trunk was straight so I wired it and bent it to the shape it is now. It had lots of branches so I removed everything but the two upright branches coming off the trunk then just pinching the growth to form some ramification.
- Date of photo taken: 11May21

13Jun21 (Cancelled)
Bonsai South West Show.
The Pavilion, The Esplanade,
Exmouth. EX8 2AZ.
Adm: £tba. Times: 1000-1630.hrs.

website: solentbonsai.co.uk

We completely understand that many shows are currently cancelled or on hold. Keeping the date of an event provisionally marked on the events diary gives everybody a clear indication of your intentions to hold an event on a particular date when we come out of this pandemic. Please check out UKBA website for the most up to date information on events happening in the future. Thank you

Bonsai Event Reports

Unfortunately, no events in May21 to report on.

Club Speaker Nights

At long last clubs are starting to get back to meeting physically with visiting speakers delivering talks and demonstrations. If you are interested in attending a club night as a guest, please confirm all details with the club contact before making the journey.

9Jul21 Fri (1900.hrs)
Ipswich Bonsai Society
Talk by Steve McKee
Preparing a Tree for Showing
Ctc: Dave Fryer 07749.801297

Online Talks

Online Zoom talks usually take the format of a talk or demonstration with questions asked during or after the talk lasting a total of approx 2.hours

You can book your space on a Zoom meeting up to 24.hrs prior to the talk, but talks are limited to the first 100 persons. Please reserve your space as early as possible. Thank you.

13Jun21 Sun (1900.hrs)
Zoom Meeting with Andy Hardman
Talking about Accent Plants
For further details email:
ukbonsaiassociation@gmail.com

27Jun21 Sun (1900.hrs)
Zoom Meeting with Geoff Conybeare
Talking about Tree Physiology
For further details email:
ukbonsaiassociation@gmail.com

11Jul21 Sun (1900.hrs)
Zoom Meeting with Linda McArdell
Talking about Pests & Deceases
For further details email:
ukbonsaiassociation@gmail.com

25Jul21 Sun (1900.hrs)
Zoom Meeting with Duncan Hield
Talking about Yews
For further details email:
ukbonsaiassociation@gmail.com

Please see website for list of more online meetings scheduled further into the future.

As and when you arrange a speaker for a physical or zoom meeting and you want to increase the audience, please advise us and we can advertise your night.

Notice Board

UKBA Membership

Thanking you for your support, today 1Jun21 UKBA membership stands at a total of 1703, expanding daily.

3Jul21

UK Bonsai Association
Auction / Indoor Market / Car Boot
Hare Hatch Sheplands,
London Road, Hare Hatch,
Reading, Berkshire. RG10 9HW.
If you wish sell anything in the auction or have a sales table or car boot plot, please contact Mark Moreland 07850.771201 Email:
ukbonsaiassociation@gmail.com

25Jul21

Staverton Bonsai Table Top Sale
39 Staverton, Trowbridge,
Wiltshire. BA14 6PA.
If you wish sell anything by having a sales table or car boot plot, please contact:
Chris Jefferys 07954.820970
Email: jeffreyschris@hotmail.com

29Aug21

Bonsai Shed Car Booty & Auction
Hill Park Rose Centre,
Wood Stock Lane North,
Thames Ditton, Surrey. KT6 5HN.
If you wish sell anything in the auction or have car boot plot, please contact:
Andrew Barber 07590.595538
Email: foodsmithltd@gmail.com

5Sep21

East Anglian Bonsai Show
A kind invite has gone out to all other clubs if they would like to put on a display at this show, please contact:
Dave Fryer 07749.801297
Email: davefryer@aol.com

8May22

Expo Bonsai UK
We would like to confirm the next Expo Bonsai UK has been scheduled for the 8May22 at the new location of K2 Leisure Centre, Pease Pottage Hill,

Crawley, West Sussex. RH11 9BQ. Further detailed information will follow in months to come.

11Sep22

Heathrow Bonsai Show

We would like to confirm the next Heathrow Bonsai Show has been scheduled for the 11Sep22 at the new location of Bracknell Leisure Centre, Bagshot Road, Bracknell, Berkshire. RG12 9SE. Further detailed information will follow in months to come.

Surrey Heath Bonsai Society

With immediate effect Surrey Heath Bonsai Society moves its meeting from the 1st Tuesday monthly to the 1st Wednesday monthly at the new location of Chobham Village Hall, Station Road, Chobham, Surrey. GU24 8AQ. All other details remain the same, any queries please contact Chris Rhodes 01276.20893 or Email:rhodes163@googlemail.com

Bonsai Club International Magazine

Bonsai & Stone Appreciation 2021 Q2

Contact: www.bonsai-bci.com

Latest edition highlighting:

Massimo Bandera from Italy talking about Formal Upright Style Chokkan.

Gudrun Benz of Germany talking about Surface Pattern Stones of China.

Bai Jia Qian of Taiwan and Jose Luis

Rodriguez of Puerto Rico talking about styling Conifer material from humble beginnings.

Mario Pavone of Italy talking the story of an old contorted Mountain Pine.

Budi Sulistyono of Indonesia talking about his own private Huangshan style garden.

Enrique Castano of Mexico and Joe Grande of Canada talking about Mauro Stemberger.

Edwin Symmes of USA talking about Looking Back, Looking Forward.

Bonsai Focus 2021 May/June 170/193

Contact:www.bonsaifocus.com

Latest edition highlighting:

Raijaku from Taiwan talking about painted pots.

Rui Ferreira from France talks about his bonsai passion.

Kunihiko Kanemitsu from Japan talks about carving juniper dead wood.

Mauro Stemberger of Italy styles a bushy juniper.

David Soto of Spain shows us how to open and unfold cramped branches.

Martin Nielsen talks us through changes a moyogi style tree to a kengari style tree.

Monthly Tasks

Below is a list of bonsai tasks to be carried out during the month of May, it must be adapted to your localised conditions and is meant only as a general advisory list of tasks for the bonsai enthusiast.

Bonsai in June

We are now entering early summer and your trees should be in full leaf and enjoying the warmer weather and long hours of daylight. Here is a quick generic guide to bonsai in June

but for individual species you may need to adjust the guidance as well as for the developmental stage your bonsai trees are at.

Watering

Continue to check your trees daily and water as required and you will have noticed they will be starting to take up more water and dry out quicker. This is now the time to really increase your watering with the leaves fully out and hardened off. Water in the mornings ideally and if necessary water more than once a day.

Re-potting

None required unless emergency repotting required where the pot is damaged or there is a pest concern or drainage issue. Try not to damage the roots during an emergency repot and just place the tree in another pot of the same size or larger for the time being until the correct repotting season without root pruning or disturbance.

Feeding

This is the time to start feeding much more regularly and heavily while the trees are actively growing.

Organic feeds are preferable to chemical feeds including products like liquid seaweed and this can be fed daily as part of the watering regime or less often depending on the stage of development of the tree.

Ideal feeding at this time is liquid feed as the watering regime has picked up and you can feed with each watering, and the general rule is little and often.

Pruning

This is the time to prune back all excessive growth on deciduous trees and start to work on removing the larger leaves on a regular basis in preference of retaining the smaller leaves forming after the larger leaves have been removed.

It is also a good time to carry out a full or partial defoliation of broadleaved trees but only if the tree is healthy enough. Ensure that if you do a full defoliation that you place the tree in a more shaded position rather than in full sun following a full defoliation.

Trimming

Now that the leaves are present continue to maintain the shape through regular trimming and remove the terminal shoot in some species to aid with creating a more compact form. Continue to prune tropical trees to maintain their shape and trim the new shoots.

Leaf cutting is also applicable for some species like maples but ensure that they are vigorous and healthy before you carry out leaf cutting and it may be more suitable to do a section of % at anyone time.

Root pruning

This is not applicable at present unless any trees are being repotted but for the majority of species they should already have been done.

Insects and pests

Check for the newly emerging bugs and pests like green and black fly, red spider mite, scale insect, mealy bug as well as vine weevil beetles. With the onset of warmer weather insect pests can start to emerge and are more likely to appear on the new shoots and leaves.

Watch out for the onset of mildew and prune out any damaged leaves or treat any infestations if found. Spray with insecticide as required or once a month for pest prevention using products like SB Invigorator. Methylated spirits cotton buds are an effective method of removing scale insects from branches.

Moss and weed control

Continue to keep this in check and treat or remove unwanted moss and remove any newly forming weeds.

Wiring

Wiring can be started on some of the larger branches if the tree has been defoliated but otherwise it is not a good time to wire as the process can damage the foliage.

Protection

Winter and frost protection should no longer be required but shade and wind protection may be necessary to avoid leaf scorch or wind burn of the new leaves.

Assessment

Continue to update your bonsai records and photograph your trees to record their progress.

Tools

This is something everyone should do each time they use their tools but often it is not easy to do depending on how often you are using your tools. However, it is good practice to clean and sharpen your tools after use and this is a good time to go through your tool kits and clean them up before the start of the pruning season.

Display areas

If you have trees out in display areas check that they are not drying out or getting too much sun and ensure they have shade if required as the temperatures during the day currently are fairly hot. Also check for wind protection and stability of trees

Propagation

This is the time to take conifer cuttings. This is also a good time to take softwood cuttings from this year's new growth.

Collectables Pin Badges

Pin Badges

Please check out the pin badge section under collectables on the website, if you have any badges we have not listed, please send us an image of the badge and we will add it to the section. Thank you

This month we are highlighting pin badges from the Germany, see website for more badges.
