

Sept20 Quiz

SUM UP

Four bonsai enthusiasts travel to Belgium to visit a show.

While there they purchase some equipment from the same stall.

Linda buys 1 roll of wire, a pair of scissors, a pair of jin pliers and a pair of side cutters. Cost 210 Euros.

Eric spends 270 Euros on 3 side cutters and a pair of scissors.

Peter purchases 2 jin pliers and 2 side cutters. Cost 200 Euros

and Mark spends 250 Euros on 2 side cutters, 1 scissors and 1 jin pliers.

Work out how much each item costs.

(Hint - convert to maths equation).
